

**MAESTRO training course @ NDAR: modelling and basic analysis. Antibes, 17-19 March 2015**

15 December 2014

Hello everyone,

A 3-day MAESTRO training course will be held in our offices on 17-19 March 2015.

The instructor is Stéphane DARDEL, NA. The course will be held in English, and other languages will be supported (French, Italian).

The course is for beginners and intermediate users. The materials covered include:

- Modelling environment and GUI
- Modelling, element types
- Integrity checks
- Tanks and loading conditions
- NAPA and GHS interfaces
- Basic analysis

Course fees are 750€ / day, lunch will be provided. Advance payment of the fee is required to confirm registration.

A MAESTRO license will be provided during the course free of charge, and participants should bring their laptops (any modern laptop or netbook will run MAESTRO comfortably in the context of the training course).

It is encouraged that participants bring their own plans and drawings in order to work hands-on their own projects.

Registration will be accepted on a first come first served basis, places are limited.

For more information or logistics questions, please contact [ndar@ndar.com](mailto:ndar@ndar.com).

Looking forward to seeing you at the course,

Stéphane DARDEL
